

CONTRACTOR SPOTLIGHT

LEADING SPONSORER

32%

Local Hire Participation Average

Morrow Meadows is more than a full service electrical contracting company. Aside from the intricate installation of electrical wires and conduit, Morrow Meadows prides itself in giving back to the neighboring communities of their projects. “We build in these communities, so it is the right thing to do”, says Morrow Meadows John “Big John” Harriel, a 25 year-veteran in the industry.

Holding 23 LAWA PLA contracts, Morrow Meadows has sponsored **17 graduates** of the HireLAX Apprenticeship Readiness Program into the International Brotherhood of Electrical Workers (IBEW). Morrow Meadows has demonstrated their commitment to LAWA’s PLA projects by providing opportunities for **1,104 local residents** over the last five years. HireLAX graduate, Savannah Branch, for example, is one of those residents.

Savannah completed HireLAX Cohort 11 in March of 2022. She accredits her success to her mentor, Big John. Morrow Meadows continues to mentor and sponsor individuals that complete MC3-Readiness Programs.

“It’s not easy, but you have to be determined and push for it – from there, the possibilities are endless!”
- Savannah Branch.
