**LAX Operations Advisory**

**Advisory No: 2012-1**

## **INTRODUCTION OF THE “LAX OPERATIONS ADVISORY”**

LAX Airport Operations is introducing the LAX Operations Advisory to periodically share important information with LAX stakeholders to include planned airport activities that have a potential to significantly disrupt routine operations. This Advisory will also relay information regarding upcoming construction and other significant events that may impact airport operations.

Since disruptions to airport operations have the potential to change operational procedures, please ensure this Advisory is distributed to affected flight operations personnel within your organization.

Current airfield operating conditions should be verified by checking NOTAMs at:

Each LAX Operations Advisory issued will identify a representative to contact for questions or comments.
