

Traffic advisory – Century Blvd directional closure

The continued construction of the Crenshaw/LAX Metro rail project will require directional closure of Century Boulevard from Aviation Boulevard to Bellanca Avenue. Metro will close all westbound lanes on Century Boulevard from Monday, April 3rd to Friday, April 7th beginning each night at 10 p.m. until 6 a.m. the following morning. The work will also require closure of the left most eastbound lane.

On the following week from April 10th to the 14th, Metro will close all eastbound lanes of Century Boulevard as well as the left-most westbound lane at the same time period. No closures are scheduled for Saturday or Sunday nights. All schedules above are dependent upon weather conditions. Emergency access will be maintained at all times. Metro will install detour signage for motorists.

Metro will detour traffic around the closure. When westbound Century Boulevard is closed, vehicles will be diverted north on Aviation Boulevard, west on West Arbor Vitae Street, south on Airport Boulevard, then west on Century Boulevard. Trucks will be directed to turn north on La Cienega Boulevard. The detour route will be reversed during eastbound Century Boulevard closure. See detour diagrams below.

Westbound closure detour

Eastbound closure detour
