

Relocation of Qatar Airways from Terminal 2 to Tom Bradley International Terminal on May 1, 2017

Airport and airline staff will relocate 28 airlines as part of Delta Airlines' move from Terminals 5 and 6 to Terminals 2 and 3. The majority of the relocation will take place between May 12th and May 17th.

As part of the realignment, Qatar Airways will relocate terminals in advance of the larger move. Qatar Airways will move their operations from Terminal 2 to Tom Bradley International Terminal (TBIT) on Monday, May 1 2017. Qatar passengers will check-in, be directed to security screening, and depart from TBIT Gates. Arriving passengers on Qatar Airways flights will also be processed and cleared through Federal Inspection Services at TBIT.

Overhead signs will be updated to show Qatar Airways flights operating from TBIT. All airport employees, tenants, stakeholders, service providers, and ground transportation providers are advised to note the change and disseminate information to all concerned.

A webpage with move information and a map showing the location of each airline can be found at www.LAXisHappening.com/LAXontheMOVE
