

LONG-TERM CLOSURE OF NORTHBOUND I-405 FREEWAY CONNECTOR TO EASTBOUND I-105 FREEWAY

The California Department of Transportation (Caltrans) will close the northbound San Diego Freeway (I-405) connector to eastbound Glenn Anderson Freeway (I-105) beginning at 10 p.m. September 27 as part of a roadway and embankment repair project. This long-term closure will remain in effect through winter, 2017.

Additionally, the connector ramp from the Northbound I-405 to the Westbound I-105 will also be closed nightly Wednesday 9/27/17 through Friday 9/29/17 from 10 p.m. until 5 a.m.

The work involves reconstructing distressed roadway and the embankment along the connector. This long-term connector closure is necessary to provide a safe work zone for construction crews and motorists.

Detours

Eastbound Route: From northbound I-405, exit Imperial Highway, drive east to rejoin eastbound I-105 at the Freeman Ave. on-ramp.

Westbound Route: From northbound I-405, exit onto Imperial Highway westbound.

Detour signs are in place. Motorists should anticipate delays, and are encouraged to plan ahead and use alternate routes. For real time freeway traffic information, please visit Caltrans <http://quickmap.dot.ca.gov/>

For questions or comments regarding this advisory please contact Landside Operations Manager, Richard Chong rchong@lawa.org

Issue Date: September 27, 2017

Subject: Long-term closure of Northbound I-405 freeway connector to Eastbound I-105 freeway
