

## C8 North Temporary Vehicle Service Road Opening

Effective January 6, 2020 at 2300 local, all airport vehicle traffic will use the new North vehicle service road (VSR) across Taxilane C8 between Terminal 5, Gate 50A and Terminal 6, Gate 61.

The new vehicle service road is part of the Terminal Cores 5.5 Project in preparation for the core footprint buildout. The VSR will be in this configuration until gate 61 opens in 2021. At that time the temporary VSR will be removed.
