1. CTA Construction Milestone: APM East Station

- Another major milestone has been reached for the APM Project as the East CTA Station (located between Parking Structures 1 and 7 along Center Way) was topped out with its final piece of steel
- The structure is comprised of more than 870 tons of steel, which was lifted into place with the help of a Tower Crane that will now be removed from the area over the upcoming weekend of February 5 – 6, 2022
- This is the first station in the CTA and the second overall for the project to be topped out with steel
- When the East CTA Station opens so will its viewing platform, which will offer unique views of the Theme Building and more
